Original L01 child-average support/operator: 8 FFP10 I/Q/U pairs
Diagnostic pilot; physical coverage and joint HM/OE law unqualified
T finite-regression norm
E finite-regression norm
B finite-regression norm
Coefficient norm [μK]
CMB
Noise + systematics
Sum
Matched simulation ID
T same-row noise sensitivity
E same-row noise sensitivity
B same-row noise sensitivity
Energy change [%]
Noise amplitude × 0.95
Noise amplitude × 1.05
